## TEEN SHE

is a 1-Day Christian event tailored  
especially for girls in the 6th-12th grade.

SHE events are created by  
Total Woman U (TWU), a Christian  
non-profit organization that has been  
creating and hosting events for women  
for several years. TWU is now excited to  
bring these energetic and meaningful  
events to younger girls.

SHE events have several different  
sessions including large group sessions as  
well as smaller, break-out sessions called  
Labs. There are games, music and food,  
along with practical messages based on  
Biblical principles.

Some of the topics we explore include  
courage, confidence, modesty & fashion,  
dating, friendships, measuring up, and living  
a Godly life, just to name a few.

## U ACADEMY

TEEN SHE is part of U Academy,  
which is our program designed for  
younger girls. We are passionate  
about influencing young girls for the  
glory of God. We hope to  
positively influence girls of all ages  
as they are uncovering their  
identity and discovering their  
purpose in life. We want them to  
know that they are each a unique  
creation with a God-given identity  
and purpose.
